THE WEDO RANGE

Six series. One supplier for specialist tooling.

Non-Sparking Tools

Aluminium-bronze and beryllium-copper spanners, hammers, wrenches, flange wedges and kits for explosive and flammable atmospheres.

Titanium Tools

Non-magnetic, corrosion resistant and around half the weight of steel — ideal for MRI, offshore and sensitive instrumentation work.

Stainless Steel Tools

304/316 stainless, non-magnetic and plating-free. Suited to marine, food, pharmaceutical and clean environments.

VDE Insulated Tools

Insulated pliers, screwdrivers and spanners for live electrical work on site and in switchrooms.

Industrial Jumbo Tools

Oversized slogging spanners, striking wrenches and heavy tools for large flanges, valves and plant.

Industrial Steel Tools

Die-forged, heavy-duty everyday hand tools built to DIN and ASME standards.

WHY IT MATTERS ON SITE

- **Reduce ignition risk** in zones with gas, vapour or combustible dust.
- **Kits and individual tools** — fit out a crew or replace a single spanner.

WHY BUY THROUGH US

- **Stock on the ground in Perth** — no waiting on overseas orders.
- **One account** for safety tools, filters, lubricants and parts — plus site kits and shutdown supply.
