

# Axiom Edge Solutions (AES)

**Perth-based Sourcing Company: ISO 9001 certified by DNV**

Level 8, 905 Hay Street Perth WA 6000

In Australia's industry today, cost inflation is a major challenge: quality is the top concern. AES focuses on energy equipment supply and sourcing, and cross-border business solutions for the energy sector. We connect world-class Chinese manufacturers and innovative technologies with Australian operators, EPCs, and service companies: offering cost-effective, reliable, and fully Australian-compliant solutions.

## **Experience**

20+ years of international oil and gas delivery. Passionate about bridging East and West through technology, innovation, and trust.

## **Quality & Compliance**

ISO 9001 certification by DNV: audited processes, consistent service, and strict Australian standards compliance.

## **Speed & Cost**

Direct sourcing from qualified Chinese OEMs: lower total cost of ownership, shorter lead times, and assured reliability.

## **Australia–China Supply Chain Forum**

9 March 2026: Parmelia Hilton Perth

Hosted by AES with support from CCCPI/TOPCO, right before EXA 2026. Designed to help Chinese vendors gain visibility and forge deeper collaboration with Australian operators, EPCs, and service companies.

**Connect directly with customers and suppliers in a premium, time-efficient forum environment.**

## **What we deliver**

- Oil and gas: equipment supply, tooling, and engineered solutions
- Hydrogen and CCUS: capture membranes, process equipment, and integration support
- Pipelines and valves: supply and documentation aligned to Australian/API/AS standards
- Business solutions: sourcing, QA and Australian compliance, logistics, and digital enablement

We are actively facilitating low-carbon technology collaboration between Australian research institutes and Chinese technology developers.

## **Selected clients and partners**

Clients: CO2Tech, BiSN, Brooks, Unity, CNPC/PetroChina/ERA Energy, Zhuzhou Keneng.

Partners: Topco (leading exhibition and consulting company). We also support university scholarships through SPE.

## **Networks and memberships**

AES maintains a broad network: CCCA, ACBC, WACCC, CCCPI, AMEC. Team affiliations: SPE WA Board member, PESA member, Energy Club WA, CCUS NA, ICN Gateway.

## **Meet us at EXA 2026**

AES will participate at EXA 2026 with a 6 × 9 m booth in partnership with Topco.

**Visit us:** Stand #M2 at EXA 2026, 10–12 March 2026.

Axiom Edge Solutions is the trusted bridge between Australia and China. We bring quality, compliance, and innovation together: helping the energy industries achieve more with less. In the next 3–5 years, AES aims to be a key enabler of Australia–China industrial collaboration.

we ensure consistent quality, compliance, and customer satisfaction.
