

Our Range

Here at Melbourne Arancini we create unique and deliciously filled Arancini with traditional and some not so traditional flavours.

Enjoy!

"ARANCINI (plural): Authentic Sicilian Street Food. Made with Arborio rice, filled with traditional flavours, crumbed & deep fried". The name, which is translated as "little orange", derives from their shape and colour, which is reminiscent of an orange after cooking. Our food is honest, and our Arancini are simple...
