

FACTORY TOUR

WHY TIPTOPAK?

INDUSTRY REPUTATION
Good Industry Reputation and Supply Chain Advantage

R&D STRENGTH
New Material R&D are leading in the industry

TOOLING ADVANTAGE
Full range of moulds, free moulding set up for key clients

PACKAGING CUSTOMIZED
Packaging Customization, good at retail packaging processing

MACHINES & ENGINEERS
Machines and Engineers are advanced in China

QUALIFICATIONS
Complete Certificates and Testing Reports

PRODUCT OPTIMIZED
Paper Cups Sleeve Height and Carton Size Optimization to save shipping cost

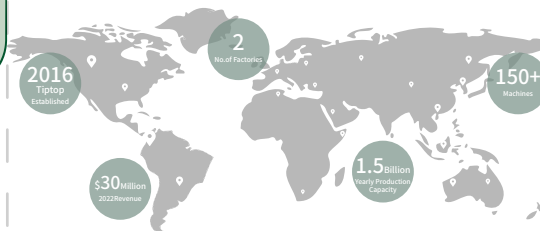

PUNCTUAL DELIVERY
2 main Paper Cup Factories to ensure punctual delivery

TIPTOPAK PROFILE

Since year of 2016, Tiptop has been growing up into the leading manufacturer and solution provider of paper food packaging products. Our extensive range covers paper cups, food containers, paper bags, cutlery which are designed to meet the growing demands for eco-friendly solutions. We proudly serve renowned global clients with our quality and sustainable packaging.

All of our products comply with FDA and LFGB food safety regulations. With strong support of our R&D team, we make continuous innovation on new material and technology to keep us ahead of the market.

Currently our flagship products are water based barrier coating (WBBC) and PHA coated paper packaging ranges. With their eco-friendly and home compostable properties, they become most applicable and sustainable alternative solutions for traditional plastic containers and packagings. Welcome all potential inquires and collaborations with us, quick and considerate service will be provided from our team. Thanks.
