About Us

For over **30 years**,
we have been working with food ingredients that people rely on everyday.

Tawan Produce Co., Ltd. has been operating since 2000, specializing in the production and distribution of dried food, grains, spices, processed vegetables, shallots and garlic.

We are committed to selecting and producing high-quality products that meet **standards of cleanliness, safety, and the highest level of consumer satisfaction.**

We focus on doing the basics properly, sourcing carefully, producing responsibly, and maintaining consistent standards throughout every step of the process. Our experience across **retail, food service, and industrial markets** has shaped how we work: practical, dependable, and built for real use.

We believe good ingredients should **“support”** everyday cooking, not complicate it. That belief continues to guide how we develop our products today.
