Why Cafés Are Making the Switch

Cut Costs

Stop wasting milk. Reduce labour costs. No need to tie up your best baristas with milk prep.

Serve Customers Faster

Speed up service without sacrificing quality. Keep the queue moving and the customers smiling.

Consistent Quality

Create pre-sets and let MilkPal handle the rest. Spot-on temperature, volume, and texture, every time.

Frees Up Baristas

Let your team focus on shots, latte art, and great service—not just frothing milk.

Set and Forget

Auto-flushes every 6 minutes. Quick daily clean. Easy for anyone to use, including junior staff.

The Creamiest Milk

Unlike steam wands, MilkPal's heat pump retains full flavour and integrity. Compatible with all milks.
