We are happy to provide an efficient Private Labeling Process and as per your requirements and we will be more than pleased to do it again in the future.

Giving Back to the Community...

The Chairman of Tuckana Group, Mr. Anand Vilasrao taking from a humble background, was always a hard hat & hard who understood people and shared his commitment and kindness with them. His modest personality is what drew amongst the people who hold him in high regard. He has contributed towards building the local infrastructure in many ways over the years. As notable examples, he continues to aid the local community with creative efforts, provides the school in many a need and has helped provide education through the donation of computers in local schools and other educational institutions. Further, Mr. Vilasrao and his wife Mrs. Sushama Mahesh Sathekar have built a platform for the locals by opening a shop and constructing a Community Centre named 'Anand Community Centre'. In addition, he has also donated a shed and has developed the village temple that is patronized by the community of the village. Every employee at Tuckana Group stands before him as a brother and not merely that is not for all.

In recognition of the great contribution towards infrastructure the Government of Karnataka, Mr. Anand Vilasrao, The Engineer to Agriculture, Head of the village in Talagunda, Mysore, was awarded order for name "Anand Vilasrao Mahesh" on the 20th day of 19th September 2021. The road was ceremoniously opened by Hon. Minister of the Local Government, Mr. Hanumanthappa Hanumanthappa, Minister of Mines, Mr. Chelur Ananthappaiah and other dignitaries taking their final leave of Mr. Vilasrao.

Ceremonial opening of Anand Vilasrao Mahesh

Handing over the road to the village people

to the village people to the village people. The road is now open to the village people.

RED
RICE

Cooking with one of the world's most healthiest grains...

Our signature "100% Natural ARIYA Red Rice" from Sri Lanka is considered very much healthier than any white Rice variety that is high in Glycemic Index. It is lower in Protein and other nutrients such as Iron and Zinc. Red Rice is highly recommended for Diabetes patients and also helps lower Blood Sugar, reduce Cholesterol and it is recommended as a part of "Heart healthy" diet.

Red Rice also contains high Antioxidant properties. The Red Colour itself in the Rice is due to Phenolic compounds, Proanthocyanidin, Tannin and Anthocyanin compounds. These compounds that are responsible for the colour of Red in the Red Rice, are natural antioxidants and have preventive and therapeutic roles in many health diseases.

The Antioxidant compounds in Red Rice include:

- Polyphenol (in Rice Bran)
- Tannin
- Carotenoid
- Caproic - 3 Glucoside

What is normally more Healthy - Red Rice or White Rice?

Substrate	Cholesterol	Insulin Index	Iron (mg/100g)	Protein (g/100g)
RED	7.0	6.5	2.3	2.5
WHITE	8.8	7.2	0.8	0.8

Nutrient contents and Benefits of consuming Red Rice

- Low Glycemic Index - Low Glycemic in the Red Rice helps lower the Blood Glucose Levels.
- High Antioxidant Properties - Red Rice helps reduce Cholesterol Levels and therefore involved in reducing Coronary Heart Diseases.
- High in Fibre & Minerals - High level of Fibre & Minerals such as Selenium, Magnesium Iron & Zinc found in Red Rice reduces the risk of Cancer.
- Rich in Vitamins - Red Rice is rich in Vitamin E, Vitamin B6, Vitamin B & Potassium.

Red Rice is a great ingredient for Breakfast and Baby Cereals.

We also consider Red Rice and Red Rice Flour when it comes to the formulation of Bread, Muesli, Biscuits, Buns and other Specialty Food such as Baking Mixtures, Pizzas and Puffs.

WHITE
RICE

Wonderfully different small elegant pearly grains...

Our Lakshmi White Rice varieties are comparatively shorter in grain length and are a good source of starch that is also low in fat. We at ARIYA FOODS produce and market a range of White Rice in the form of Raw Rice and Parboiled Rice. The pearly grains of our short white Rice look great close-up, especially the short grain varieties that are an elegant accompaniment to many cuisines.

Our Lakshmi Samba Rice and Lakshmi Chama Rice are two varieties of premium quality short grain White Rice we sell and market that is ideal for preparing Rice Cook & Steamed.

We also export White Rice and White Rice Flour which is used for the preparation of Bread, Buns, Noodles and many Specialty Products at Ariya Foods, Mysore and Pimpri.

Technical Insights & Key Features of Sri Lankan Rice...

Arjya Red Rice Varieties

Red Rice

Red Rice is a Rice Variety known for its nutritional goodness due to its "reddish brown" bran on its grains. It is a low GI whole grain ideal for low starch diet, good for weight control and people with diabetes. It is used for day to day cooking as well as to make "Mila Poda" (curry's rice) or "Kakudi" (used to celebrate special occasions).

Rosa Kokulu Rice (Double Polished Red Rice)

Double polished Red Rice is known as "Rosa Kokulu Rice" is a Red Rice with extra "reddish brown" bran on its grains. It can be described as a low GI whole grain ideal for low starch diet, good for weight control and people with diabetes. Due to lower bran on its grains, "Rosa Kokulu Rice" is more palatable than the Red Rice with higher percentage of bran.

Red Bambu Rice

Red Bambu Rice is a unique and visually strong variety of Rice known for its shorter grain size. It is a traditional with high water resistant rice variety with a rich history and cultural significance. The grain has a beautiful reddish brown color when cooked, making it visually appealing in various dishes.

Red Nadu Rice

Red Nadu Rice is one of the most popular Red Rice varieties. It is a Parboiled Rice variety with "Perkash Arisht Bhat" that is rich in vitamins and minerals. Red Nadu Rice can also be offered as a Raw Rice variety and Double Polished to make it lighter in colour with lesser iron.

Red Kori Samba Rice

Red Kori Samba Rice is a small grain red rice, which is a nutritionally good source for health. Red Kori Samba has a color from anthocyanins, which are natural pigments with antioxidant properties. This is a small grain rice similar to Jeeru Samba, but not as polished and could be ideal to make a nutritionally good food.

Red Basmati Rice

Red Basmati Rice is a special variety of rice known for its distinctive appearance, flavor and nutritional benefits. It is a long grain rice with a reddish-brown color. When cooked it goes from reddish to white basmati rice. This rice can be offered as double polished with less iron.

Arava White Rice Varieties

White Raw Rice

Our Lakshmi White Rice is a Raw Rice used for cooking in a General Day to Day Meal as well as 'Mala Rice' or 'Rasam' in special occasions. The White Rice Flour is used to make idli, Appam, Hoppers, just about every Hoppers, Idli except for Lakshmi.

Samba Rice

Our Lakshmi Samba Rice is a Parboiled Rice which is similar to Paddy Samba or Samba Masoori Rice. It is well known for its quality in Orissa and South India, where local people like to eat it. It is perfect for everyday meals. Its ability to hold shape and absorb flavors makes Samba Rice a great choice for simple steamed rice with curries.

Keer-Samba Rice

Keer Samba Rice is a Parboiled Rice variety. We have two Full Grain and Semi-Grain varieties. This is a mild grain rice similar to Jasm Rice which is used to make Idli, Hoppers, Appam, etc. It is a premium Lakshmi White Rice variety characterized by its long, pretty grains. After cooking, it yields a soft, fluffy texture, making it a favorite choice for Idli, Hoppers, and Appam.

White Nadu Rice

White Nadu Rice is a general purpose Rice used for daily Cooking. Red-stained White Nadu Rice with the Pure White Oryza is also popular for South Indian cuisine. White Nadu rice is known for its full-bodied grains and its ability to expand well when cooked, making it a great choice for those looking for a fluffier and satisfying meal.

Sudara Samba Rice

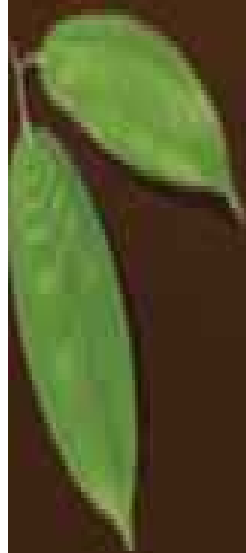

Sudara Samba Rice is a Parbhani Rice variety which is The Parbhani Red 36 Lakhon Rice variety. The closely packed grains of rice in Sudara Samba makes it an ideal rice variety to make Biryani or Other Rice for special occasions.

CEYLON BLACK
PEPPER

Experience 'Ceylon Pepper', which is Flavoured world wide...

Known as the King of Spices, Pepper, the most cherished spice in the world, is listed from the times of the great Hindu epics.

Ceylon Pepper is particularly favored worldwide as it is cultivated in organic, the natural way, which adds it a better pungency. As a result, Ceylon Pepper from Sri Lanka holds a dominance in the international spice market. Black pepper is much used as a hot cooking spice and seasoning. The taste of the Ceylon black pepper is quite pungent, with floral and citrus notes, which entices a strong pungency. Extracts of black pepper (Piperine, alkaloid and essential oil) are also extracted from the whole plant, and have applications as fortifiers and flavoring agents in the food industry, and also have medicinal applications in the medicines and the pharmaceutical industry.

COCONUT PRODUCTS

Tanzania Agricultural Exports exports a range of high quality Coconut based products that include Desiccated Coconut (DC), Virgin Coconut Oil (VCO) and Natural Coconut Vinegar (NCV) under the ARIYO Brand. Coconut being one of the major plantation crops in Sri Lanka with a collection of approximately 300,000 hectares accounts for 2.5 Million tons per annum and has placed Sri Lanka under the Top 5 Nations in the world that export high quality Coconut Based Products.

ARIYO Virgin Coconut Oil

ARIYO Virgin Coconut Oil is unique because of its amazing health benefits. Virgin Coconut Oil is naturally known as MCT helps to boost Cholesterol, keep Diabetes under control, strengthen the Immune System, Low weight, reduce Heart Disease and is extremely good for hair & skin. Virgin Coconut Oil is full of Natural Vitamins, Minerals and Antioxidants.

ARIYO Virgin Coconut Oil has a long shelf life and enhances the natural flavours in cooking and is used for deep frying as well as a Salad Dressing. ARIYO products come in Glass Bottles.

ARIYO Virgin Coconut Oil Bottles

ARIYA Dried Coconut

Sri Lanka is very popular globally for high quality Dried Coconut. The unique white colour, texture, aroma and better taste due to higher fat content makes Sri Lanka's DC an unmatched product in comparison to other suppliers. Being prominent in Europe and Brazil market has led Sri Lanka to supply DC due to the very same reason.

Tridentia Agriculture Corporation exports Dried Coconut in Bulk Form as well as in 500g or 1000g Consumer Packs under the ARIYA Brand which are used for Retail purposes.

ARIYA White Coconut Oil

100% pure ARIYA White Coconut Oil is mechanically extracted without the use of any Chemical refining process, which makes Coconut Oil to retain its natural flavor and aroma along with vitamin E and antioxidants, and it comes to you with a multitude of health benefits.

Pure White Coconut Oil contains high percentages of Lauric Acid and helps in preventing various heart problems like high cholesterol levels and high blood pressure. Pure White Coconut Oil does not lead to an increase in LDL levels, and the short & medium chain Fatty Acids helps in melting of fat faster to get fit.

Pure White Coconut Oil strengthens the immune system because it contains Antimicrobial Lauric, Caproic, Capric Acid and Caprylic Acid which have antibacterial, antifungal and antiviral properties.

It is an ideal Cooking oil and under the ARIYA Brand the company markets a range of White Coconut Oil in Food Grade PET Bottles.

White

ARIYA Natural Coconut Water Vinegar

All Natural ARIYA Coconut Vinegar is made with 100% Coconut water through natural fermentation. The natural fermentation improves the nutrient content in the Coconut Vinegar which is high in Potassium, Calcium, available proteins, amino acids. It is good for oral and gastrointestinal health problems and promotes a healthy lifestyle.

ARIYA Coconut Vinegar is a superb dressing which renders healthy flavor and aroma. With a negligible amount of calories and no sugar, it is a perfect choice for those who are watching their weight and overall health.

Natural ARIYA Vinegar is a superb replacement to cooking Table, Pickles and Chutneys. ARIYA Natural Coconut Vinegar is marketed in Glass and Food Grade PET Bottles according to customer needs and demand.

ARIYA Coconut Milk

Coconut Milk is a great ingredient in all hot curries, fatty desserts and in preparing milk rice. Coconut Milk is considered a "White Liquid" and coconut milk curries often great soups to add more protein, vitamins and protein content. Coconut Milk has a high fat percentage of 17 - 20% and can be diluted to make light coconut milk which contains a fat percentage of 3 - 7%. Our range of Ariya Coconut Milk comes in 200ml and 400ml, also some cans and 1 x 2L large sized taster can.

Coconut Fatty Acids are primarily saturated fats and not the kind that will raise cholesterol levels. It is a health beneficial fat called Lauric Acid, a Medium-chain Fatty Acid. [Fats](#) have saturated and used by the body for energy. Coconut Milk along with Coconut Oil, Coconut Water is among the world's healthiest foods.

Coconut Cream, Coconut Milk and Coconut Milk Light

100% Natural Coconut Oil

• Unbleached • Unrefined • Unperfumed

100% Natural Coconut Oil is a full bodied, fine Coconut Oil that is pure and is Coconut Fossil and Coconut based. It is rich in Lauric Acid which is known to enhance an individual's immunity. It is a super food for growth of bacteria on skin. Digestible and Absorbable. The Coconut Oil is Naturally Saturated for longer shelf life.

It is ideal for food use. A little adds you can melt down it and apply on the skin and natural skin.

A delicious and healthy natural sweetener...

ARIYA Coconut Jaggery & Treacle

Both Coconut Jaggery and Treacle are natural sweeteners that offer numerous benefits due to its low GI (Glycemic Index) and are rich in iron. Moreover, it makes the meals more palatable. Coconut Jaggery is made by boiling coconut water/extract (coconut sap) and then crystallizing it. The condensed Jaggery is then placed in coconut shell moulds to create Ariya Coconut Treacle, on the other hand, is made by heating the extracted sap to remove its water content, which decreases its sugar content. Ariya Food is proudly being both forms of Coconut Sweetener to the world in the name of Ariya Coconut Jaggery and Ariya Coconut Treacle. Coconut Jaggery is an excellent natural sweetener to the whole Coconut Treacle which you can use naturally used in your product.

ARIYA Kithul Jaggery and Treacle

Kithul Jaggery and Treacle are recognized as the best and is used by many food manufacturers, bakers and food service people who have found it as an excellent natural sweetener. It is also immensely rich in some quantities of health-promoting minerals and acids. The natural sweetener contains bromelain enzyme which helps in digesting the proteins and also contains that promote the production of Vitamin A as well as Vitamin C which improves immunity. Ariya Food is proud to bring both forms of Kithul Sweetener to the world in the name of Ariya Kithul Jaggery and Ariya Kithul Treacle. Kithul Jaggery is an excellent natural sweetener to the whole Kithul Treacle which you can use naturally used in your product.

Ariya Organics - Presenting 100% Natural and Organic Certified Food Products

Paradise fresh... Nature's best...

We at Ariya Food take pride in presenting Mother Nature's finest offerings in its purest & natural form, from Certified Organic Plantations from the paradise island of Sri Lanka, with the primary objective of promoting good health & sustainable living.

Our range of 100% Natural & Organic Food products are grown, harvested, cleaned, graded and packed hygienically so that all our discerning consumers can use them directly to prepare their own recipes right at their homes as they please.

'Grown in paradise with harvest to goodness'

By selecting our 100% Natural and Organic products you help us contribute directly to the rural farmer communities in Sri Lanka and play a vital role in uplifting their lives.

We take pride in being a part of fair trade that benefits the farmer communities and their families by being able to offer real value for their crops and also educate them on Good Agricultural Practices while continuing to uplift their livelihoods.

All our Products are Organic Certified as per USDA, EU and JAS standards by Control Union. Please take time to explore Ariya Organics range of Certified Organic Food Products from Sri Lanka.

ARIYA Organic Virgin Coconut Oil

Organic Certified, ARIYA Virgin Coconut Oil is manufactured with fresh, mature coconuts from Organic Coconut plantations in Sri Lanka utilizing state-of-the-art Cold Pressed Extraction Technology, enabling us to preserve the nutritional goodness of this amazing natural Superfood.

Virgin Coconut Oil is Rich in Vitamin E, Minerals, Antioxidants & unique 'Healthy Fats' called the Medium-Chain Fatty Acids (MCFAs) that include Lauric, Caprylic & Capric acids that deliver health benefits so plentiful & wonderful.

Enjoy the goodness of one of the Nature's finest offerings...100% Organic ARIYA Virgin Coconut Oil.

Cold Pressed

ARIYA Centrifuge Extracted Organic Coconut Oil

Centrifuge method in manufacturing Coconut Oil Extracted from pure Coconut Milk is an innovative process, resulting in a beautifully pure Coconut Oil that provides extraordinary health and sensory benefits. This cold process allows generating a Coconut Oil that retains all the nutritional goodness with all the vitamins, minerals and enzymes of a *Real Coconut*.

ARIYA Organic Centrifuge Coconut Oil is *exquisite* and contains a high level of Medium Chain Triglycerides such as Lauric Acid, Capric Acid & Caprylic Acid that have unique properties to promote good health.

ARIYA Organic Centrifuge Coconut Oil has a lovely smell and a taste similar to that of Fresh Coconuts.
