COCONUT TAPROBANE A BRIEF HISTORY

Coconut Taprobane (Pvt) Ltd sprouted from a century-old cold press coconut oil plant founded by a single family. Initially serving an extended family's daily needs, the venture began with a simple goal: providing quality food for our loved ones. Through the generations, this tradition grew and, today, is driven by the vision to share our concept of wholesome family nourishment with the world, with the current generation of owners having transformed the original manufacturing process into a state-of-the-art facility with best-of-practices employed.

Our factory upholds the highest standards of quality and employs cutting-edge engineering technology. Led by a team of dedicated professionals, we ensure sustainable practices in all aspects of our operations. Coconut Taprobane is not just a workplace; it's a home for over 400 employees who work collaboratively, sharing in our success.

We take pride in extending our vision of providing wholesome family food to a global audience.

VISION

Envisioning a world where our sustainable ETHICALLY SOURCED coconut products set the standard, we strive to inspire health and wellness while transforming the environment and enriching communities

MISSION

At Coconut Taprobane, we innovate coconut-based products that enhance well-being and promote sustainability. We've proudly uplifted numerous small and medium-sized farmers throughout our journey. Today, boasting the country's largest land bank of organic plantations, we're equipped to meet burgeoning demands. Our diverse range of organic products has earned certifications from the prestigious Control Union in the Netherlands, including EU, JAS, USDA, and Korean Organic certifications.

WE BELIEVE IN ENVIRONMENTAL SUSTAINABILITY

At Coconut Taprobane, environmental sustainability takes center stage. Our organic initiative has spurred coconut cultivators to embrace eco-friendly cultivation methods, setting us apart from traditional agricultural practices. We continuously enhance our production processes through rigorous evaluation and harness greener energy sources like biofuels whenever feasible.

Moreover, our commitment extends to protecting the environment with a dedicated wastewater purification plant. This ensures that the water surrounding our manufacturing facilities remains pure, safeguarding the local flora and fauna.

A COMMUNITY OF PASSION

At Coconut Taprobane, we take immense pride in our role within the local community. Our production facilities and plantations are pivotal in providing employment opportunities for many in the surrounding villages. Beyond just economic impact, Coconut Taprobane is committed to enhancing cultivation practices, supporting coconut cultivators as they transition and grow.

Through our charitable foundation, we extend our efforts to education and healthcare development in the community. We collaborate with local projects aimed at enriching lives and ensuring sustainable agriculture practices. At Coconut Taprobane, our dedication to both the environment and humanity drives us to continually strive for a better community and a brighter future.

WE ARE CERTIFIED AMAZING

Our factories are not just factories—they're marvels of precision and quality. Designed to meet rigorous international standards, they're equipped to satisfy both the soaring demand and our customers' unwavering appetite for excellence. That's why we've diligently pursued and proudly earned certifications like BRC, GMP, ISO 22000, and Kosher over the years. Because when it comes to delivering the best, we leave no stone unturned.

STATE-OF- THE-ART RESEARCH AND PROCESSING TO GIVE YOU THE BEST.

Our laboratory is all about ensuring that every raw material entering and every finished product leaving our factory meets the highest quality standards. Our goal is simple: delivering nothing but the best to our customers. Constantly pushing boundaries, we innovate and craft exciting new coconut-based products while enhancing our existing offerings with the latest technology. Through a blend of traditional, non-destructive food processing methods and cutting-edge research, our team excels in creating a diverse range of products from the incredibly versatile coconut."

TESTING TO MAKE IT BETTER

We take pride in our specialized team and state-of-the-art laboratory equipped with advanced machinery to meticulously test and analyze products to meet EU and Global standards. Our latest Gas Chromatograph Mass Spectrometer technology is instrumental in conducting 3MCPD tests, ensuring that our developed foods consistently meet the highest quality benchmarks.

WHAT COCONUT TAPROBANE BRINGS TO THE TABLE

As part of our mission, we're dedicated to delivering all the natural goodness of coconuts straight from the tree to your table. Here are a few reasons why Coconut Taprobane is your ultimate coconut solution.

01

We ensure a reliable and abundant supply of coconuts sourced from Sri Lanka's largest organic and natural coconut land bank to meet the growing demand.

02

We're innovators in the market with exclusive products such as our coconut spread and infused virgin coconut oils, set to redefine industry standards.

03

Being vertically integrated, we meticulously monitor every step of production, ensuring that only the finest ingredients from our own plantations are used in our manufacturing processes.

04

Our commitment to quality is unwavering, supported by a highly trained quality assurance team, in-house lab, and adherence to globally recognized standards and certifications (GNP, ISO 22000, BRC).

05

Our products proudly bear certifications from major organic standards including USDA, EU organic, CU, JAS and Korean Organic.

06

We collaborate with some of the world's leading brands, leveraging our expertise to deliver excellence.

07

In addition to our successful brands, we excel in private labeling for top global names, ensuring premium quality across the board.

08

Based in Sri Lanka, our dedicated team offers comprehensive support to potential partners in every aspect of their business journey.

09

Each product is fully customizable — from flavors to packaging — tailored to meet the unique needs of our customers.

10

Partnering closely with clients, we craft and execute targeted marketing strategies that effectively communicate the quality and narrative of our brand to the desired audience.

11

Future plans include exploring Sri Lanka's rich diversity of superfoods, expanding our brand's innovative product line.

12

We are committed to maintaining competitive pricing through strategic adjustments, ensuring our brand remains strong in the market.

ORGANIC COCONUT PRODUCTS

ORGANIC EXTRA VIRGIN COCONUT OIL

Organic Extra Virgin Coconut Oil stands out with its crystal-clear appearance and rich content of MCTs like Lauric acid and Capric acid. While it may resemble Organic Virgin Coconut Oil at first glance, its extraction process sets it apart. Beginning with the extraction of coconut milk from organic kernels, this milk undergoes centrifugation to separate the oil from water. What makes our Organic Extra Virgin Coconut Oil special is its low-temperature extraction method, preserving delicate nutrients that are sensitive to heat, ensuring a superior quality oil.

Ingredients : 100% Organic Extra Virgin Coconut Oil

- Origin :** Sri Lanka
- Ideal for :** Salad dressing, low-temperature cooking, frying, baking, direct consumption, hair and skin applications
- Shelf Life :** 24 months
- Storage :** Store in unopened packaging. No refrigeration required.
- Note :** Natural brown specks may be present in coconut oil. Keep the jar tightly closed at all times.

ORGANIC WHOLE KERNEL VIRGIN COCONUT OIL

Meet our fresh, all-natural, multi-purpose oil, extracted from organically grown coconut kernels. First, the kernels are dried and then delicately cold-pressed to extract the oil. Through a meticulous micro-filtering process, we produce pure, unrefined coconut oil without any chemicals or bleaching agents. Our innovative method, crafted by our research team, ensures that the nutritional goodness of coconuts remains intact while enhancing the oil's clarity, aroma, and delightful taste.
