cocoamore

Cocoamore offers a curated range of spreads, toppings, and chocolates made with the finest, globally sourced ingredients. From vibrant green pistachio to deep chocolate and crisp speculoos, our range delivers a reliable performance and indulgent flavors that go well beyond the basics.

Spreads, toppings, and chocolate applications developed for professional pastry and dessert environments.

Designed for smooth texture, balanced sweetness, stable performance, and repeatable results across bakery, beverages, and desserts. Available in both foodservice and retail formats.

Built around smooth texture, balanced sweetness, and reliable application, Cocoamore supports desserts, bakery, beverages, and frozen treats with products designed to perform under real production conditions. Its portfolio includes chocolate hazelnut spreads, pistachio spreads, speculoos biscuit spreads, white hazelnut cream, toppings, and specialty dessert applications, available in both foodservice and retail formats.

Each product is built for stability, ease of use, and repeatable results across kitchens, bakeries, and commercial production lines. From daily operations to large-scale output, Cocoamore is designed to deliver indulgence with control.

Global Sourcing

Quality products from trusted sources

Leveraging over 40 years of industry experience, our Global Sourcing unit diligently procures the finest products from trusted sources around the world.

We pride ourselves on our diverse network of local and international food producers and manufacturers, ensuring we can offer a rich portfolio of options to meet the varied needs of our clients.

The one constant throughout our sourcing process is our unwavering commitment to quality and consistency. By partnering with reliable suppliers, we guarantee that our customers receive only the best, maintaining the high standards that define our business.

Logistics

Storage solutions you can rely on

Our Logistics unit is dedicated to ensuring the efficient transportation and storage of food products, making sure they reach their destinations in optimal condition.

With advanced logistics management systems and a team of skilled professionals, we handle the complexities of supply chain operations to guarantee timely and reliable delivery.

Our robust infrastructure includes state-of-the-art warehousing facilities and a fleet of modern vehicles designed to maintain the integrity and quality of our products throughout the entire distribution process. We are committed to providing seamless and efficient logistics solutions that meet the needs of our diverse clientele, ensuring that our customers can rely on us for consistent, high-quality service every time.

Business Units

Retail Solutions

Tailored Solutions for Retail Success

Our Retail Solutions unit is dedicated to providing comprehensive services that enhance the efficiency and appeal of retail food operations. We specialize in butchery management, offering expert guidance and support to optimize your meat selection and presentation.

Additionally, we offer customized portion controls and cuts, tailored to meet the specific needs of your business. Whether it's precise portioning, specialized cuts, or further customization options, our solutions are designed to deliver consistency, quality, and customer satisfaction. Partner with us to elevate your retail offerings and achieve operational excellence.

Global Operations

Global Solutions. Local Impact.

With offices in Australia, Canada, Egypt, and the UAE, we source and deliver quality food at the best value. Our Global Operations unit expands our reach through export services and direct overseas operations.

Specializing in sourcing and exporting high-quality food, we leverage industry expertise and robust infrastructure for efficient logistics, regulatory compliance, and reliable distribution.

Strict quality control and market adaptation ensure seamless, dependable delivery. With an on-ground presence and a network of sister companies, we manage the entire supply chain—procurement to delivery—enabling swift local response and strong global partnerships.
