Premium Sparkling Fruit Drinks

Ingredients

Green Apple

Delight in the gentle sweetness of ripe peach, blended with 99.34% pure drinking water and sparkling carbonation. Balanced with tangy malic and citric acids for a refreshing lift. Naturally preserved and lightly sweetened for a crystal-clear, guilt-free fizz.

Lychee

Luxuriously floral and sweet, this lychee sparkler starts with 99.23% pure drinking water and uplifting carbonation. A hint of malic and citric acids balances the flavour, while potassium sorbate preserves its freshness and sucralose offers smooth sweetness without the calories. As clear and pure as its taste.

Mango

Taste the tropics in every sip — 99.28% pure drinking water infused with juicy mango aroma, lifted by a lively fizz and balanced acidity from malic and citric acids. Preserved with potassium sorbate and sweetened with sucralose, it's an exotic, refreshing escape in a bottle, free from artificial colours.

Pineapple

Bright, tangy pineapple meets 99.33% pure drinking water and a crisp sparkle of carbonation. A harmonious blend of malic and citric acids sharpens the tropical notes, while potassium sorbate keeps it fresh and sucralose keeps it light. Clear, golden in flavour — and clear in colour.

Orange

Refreshing and zesty, our orange variant blends 99.32% pure drinking water with a lively fizz and vibrant citrus aroma. Malic and citric acids add a tangy edge, while potassium sorbate locks in freshness and sucralose keeps sweetness clean and calorie-light. Naturally clear, with nothing to hide.

Watermelon & Kiwi

Our only dual-flavour creation pairs juicy watermelon with zesty kiwi for a vibrant, one-of-a-kind taste. Crafted with 99.34% pure drinking water, sparkling carbonation, and a perfect balance of tangy malic and citric acids. Naturally preserved and lightly sweetened for a crystal-clear, refreshing fizz you won't find anywhere else.
