

BYRON BAY SPIRITS CO.

Product Catalogue 2026

Our Story

Byron Bay Spirits Co. was born from a beehive factory in Byron Bay, Australia's easternmost point and one of the world's most recognised coastal destinations.

The eureka moment came when founders Luca and Marshal added fresh honey from their hives in the hills of Tyagarah to some fine spirits. What started as a cold winter evening experiment became a distillery.

Today we distil everything in-house at our Byron Bay distillery — pot-distilled, small batch, from real fruit and natural ingredients. Our master distiller Luca Bolzoni brings Italian family tradition to every product we make.

No artificial colours. No preservatives. No concentrates. Just real ingredients, made properly, in a place that inspires everything we do.

Ready Made Cocktails

Byron Bay Spirits Co. carefully distils all of our cocktails in small batches. This allows us to control the quality of every spirit we produce in a way that large-scale distillers simply cannot. We are committed to lovingly crafting a product that celebrates the riches of our region - and that commitment is tasted in every sip.

Our cocktail collection features nine flavours: Classic Margarita, Chilli Margarita, Watermelon Margarita, Coconut Margarita, Espresso Martini, Pornstar Martini, Limoncello, Lychee Sour and Negroni. Available in a 4 pack, carton or keg to suit your venue or retail needs.

Classic Margarita

The one that started it all. Made with blue agave tequila, fresh lime juice and our own Triple Sec - it's a juicy, well-balanced Margarita with a clean finish of orange rind. A crowd-pleaser for a reason.

Chilli Margartia

All the balance of our Classic Margarita, with a fiery twist. Blue agave tequila, fresh lime juice, our Triple Sec and real chilli - bright, bold and built to set fire to your summer.

Espresso Martini

Strong and smooth. Made with our own Coffee Liqueur, Vodka and organic Black Nitro Cold Brew Coffee - this one keeps the party going long after sunset.

Southside Gin

We lovingly distill our dry Gin in small batches using only natural ingredients and native botanicals. GMO free, Gluten Free and powered by the sun. As you would expect from a gin made in Byron Bay.

Classic Margarita

Tropical and smooth, our Coconut Margarita takes the classic in a lush new direction. Blue agave tequila meets the rich, creamy sweetness of coconut - a laid-back Byron classic in a can.

Pornstar Martini

Tropical, vibrant and quickly becoming a crowd favourite. Made with real passionfruit juice, vanilla vodka and lime - bright, fresh and just the right amount of indulgent.

Watermelon Margarita

Fresh, fruity and made for warm days. Our Watermelon Margarita brings a juicy, sun-ripened sweetness to the classic - light enough to sip all afternoon, vibrant enough to make an impression.

Limoncello Lychee Sour

Zesty, floral and refreshingly bright. Our Limoncello Lychee Sour brings together the sun-drenched tang of limoncello with the aromatic lift of fresh lychee - clean, vibrant and perfectly balanced. A sour unlike anything else in the range.

Spirits & Liqueurs

Every spirit we make starts with the same commitment — small batches, natural ingredients and an unwavering belief that quality cannot be rushed. Carefully distilled right here in Byron Bay, our range is crafted to celebrate the riches of this remarkable region. From our botanically driven gins to our celebrated honey collection and indulgent liqueurs, each bottle is made with love and designed to be savoured.

Our Spirits & Liqueurs Range

Dry Gin, Vodka, Byron Bees Honey Gin, Byron Bees Honey Vodka, Byron Bees Honey Liqueur, Coffee Liqueur, Limoncello, Arancello, Triple Sec, Lychee Liqueur, Elderflower Liqueur

Gin

Our Dry Gin is lovingly distilled in small batches using only natural ingredients and native botanicals. Clean, crisp and botanically driven. GMO free, gluten free and powered by the sun. Exactly what you'd expect from a gin made in Byron Bay.

Triple Zest

Bright, citrusy and full of life. Our Triple Zest is made from three sun-ripened citrus fruits, slow-crafted in small batches with nothing artificial. A versatile liqueur that brings a natural zest to any cocktail. GMO free, gluten free and powered by the sun.

Nonno's Secret Coffee

Rich, bold and deeply satisfying. Nonno's Secret Coffee Liqueur is crafted in small batches using real coffee and all natural ingredients — a nod to Italian heritage and the art of doing things slowly and with love. GMO free, gluten free and powered by the sun.

Nonna's Limoncello

Sun-drenched and beautifully balanced. Nonna's Limoncello is made the old way — slow, careful and with only the finest natural ingredients. A tribute to the Italian roots at the heart of our distillery, and a taste of something genuinely special. GMO free, gluten free and powered by the sun.

Lychee Liqueur

Bright, aromatic and anything but candy-like. Our Lychee Liqueur is made with real fresh fruit — juicy tropical flavour with a beautiful floral lift and a clean, satisfying finish. Small batch distilled in Byron Bay with nothing artificial.

Elderflower Liqueur

Delicate, floral and elegantly refreshing. Our Elderflower Liqueur is crafted in small batches using only natural ingredients, capturing the soft, fragrant beauty of elderflower in every sip. A versatile liqueur as lovely on its own as it is in a cocktail.

Byron Bees Honey Gin

A unique dry-style gin delicately infused with local artisan honey and Australian native botanicals. Craft distilled on the farm in small batches at our Tyagarah hives — where the land, the bees and the botanicals all come together in one bottle. GMO free, gluten free and powered by the sun.

Byron Bees Honey Vodka

Smooth, clean and gently kissed with local honey. Our Byron Bees Honey Vodka is delicately infused with artisan honey from our hives in the hills of Byron Bay — no artificial colours, flavours or chemicals. Just a little something extra in every sip.

Byron Bees Honey Liqueur

Made locally using artisan honey from our hives in the hills of Byron Bay. Inspired by the Eastern European "Krupnic" tradition, each bottle contains 250 grams of pure local honey, unique native botanicals and absolutely nothing artificial. Rich, warming and deeply rooted in the land we call home. GMO free, gluten free and powered by the sun.

Sustainability

At Byron Bay Spirits, sustainability isn't an afterthought - it's built into everything we do.

We chose cans because they're one of the most recyclable packaging formats available, using significantly less energy to produce and transport than glass. Our cocktails are nitrogen-infused rather than artificially preserved, keeping every sip as fresh and clean as the day it was made.

We source fresh, local produce wherever possible and craft every spirit from all-natural ingredients - no artificial flavours, no shortcuts.

Just real ingredients, made with care for the place we're lucky enough to call home.

Our Process & Tasting Lounge

We distil in Byron Bay — a place that inspires you to slow down, do things properly and live a little more beautifully. It's here that we found our inspiration to craft spirits, cocktails and liqueurs that embody what it truly means to be a Byron local.

Every bottle is made in small batches, using only natural ingredients sourced as close to home as possible, by a team that genuinely loves what they do. Come and see it for yourself at our tasting lounge - open Wednesday to Saturday, 12–7pm. Walk-ins welcome.
