PROFILE **A & B** VIETNAM

01 Beer Brewery in Quang Tri

Acreage

70,000 m²

Capacity

300 million liters per year

Strategically located in the sunny and windy province of Quang Tri, our A&B brewery spans over 70,000 m², boasting an impressive capacity of up to 300 million liters per year. Here, we employ automated, closed-loop production lines imported from leading brewing industry nations like Germany and other European countries. Every step, from the meticulous selection of exquisite raw materials to the careful fermentation process, is strictly controlled according to international standards, ensuring the distinctive flavor and superior quality in every can.

02 Beer Brewery in Hau Giang

Acreage

106,995 m²

Capacity

400 million liters per year

Driven by our ambition for global reach and to meet the increasing market demand, A&B has further invested in constructing a modern brewery in Hau Giang. With an expansive area of 106,995 m² and a projected annual capacity of 400 million liters, the Hau Giang brewery represents a significant leap in enhancing our production capabilities. This expansion allows us to bring A&B products to even more consumers while creating employment opportunities for local residents.

03 Soft Drink Manufacturing Plant in Bac Ninh

Acreage

40,000 m²

Capacity

60 million liters per year

To satisfy the growing demand in the soft drink market, A&B Vietnam has invested in building a modern soft drink production facility in Bac Ninh. Spanning 40,000 m² with a robust capacity of up to 60 million liters per year, this plant is a testament to our commitment to sustainable development and our ability to supply a diverse range of quality beverages.

04 Can Manufacturing Plant in Quang Tri

Acreage

100,000 m²

Capacity

1.2 billion cans

With an impressive scale of over 100,000 m² and a strong annual operating capacity of 1.2 billion cans, this modern facility exemplifies A&B's strategic vision, systematic investment, and commitment to production autonomy. Owning our can manufacturing plant not only allows us to strictly control raw material quality and optimize production costs but also ensures a stable can supply, promptly meeting the increasing market demand for A&B Vietnam's beer and soft drink product lines. This represents a crucial advancement, reflecting A&B Vietnam's continuous growth and global aspirations, contributing to delivering high-quality products at the most competitive prices to consumers.
