

High Quality Peanuts.

From our farms to the 4 corners of the world.

B E A T R I C E

SINCE

1980

P E A N U T S

**Only Beatrice Peanuts has the best technologies,
from planting until production procedures.**

THE COMPANY

In 1980, in the region of Tupã-SP – Brazil, the Contelli brothers started the runner peanut plantation in Brazil.

Beatrice Comércio, Importação e Exportação de Amendoim Ltda was founded in 1992. Our main purpose is to supply high quality peanuts so clients can manufacture their best products.

In 2018, Beatrice Peanuts became the largest peanut exporter in Brazil.

PRODUCTION

- The only company with its own cultivation area, Beatrice produces 100% of high oleic peanuts. Beatrice Peanuts also counts on partnerships with the main farmers of peanuts in Brazil.
- With the highest technology on our farms and industries, our current production processes 22 tons per hour of peanuts in shell and 15 tons per hour of blanched peanuts.
- Beatrice Peanuts' planting and harvesting meets the most advanced standards compared to the biggest producers in United States and Argentina.

Quality, Safety and Security Policies

- Ensuring food safety to clients and consumers.
- Attending the most required quality standards with social and environmental responsibility.
- Complying the regulations, laws and other applicable requirements.
- Effective communication with the stakeholders.
- Continuously improvement of the management system, ensuring the costumers' and consumers' satisfaction.
- Training and providing awareness to the employees, establishing and keeping the culture and the commitment with quality and security.

MARKETING

Beatrice Peanuts exports peanuts to more than 45 countries, including countries of the European Union, always meeting the most demanding quality standards from all over the world.

Always updated in the peanut market, we are the Brazilian company that most participates in the main international food trade fairs such as: SIAL Paris, ANUGA Germany, PRODEXPO Moscow, GULFOOD Dubai, International Peanut Forum and SNACKEX.

NUMBER

1

THE LARGEST PEANUT EXPORTER IN BRAZIL

KOSHER CERTIFICATE

Since February 2018, Beatrice has obtained the Kosher Certificate, ensuring that its peanut production complies with the specific norms governing the Jewish Community.

CERTIFICATE OF HALAL ENABLING

For Beatrice, producing peanuts according to the guidelines of Islamic Law is another important achievement, which only proves the incessant search to reach the most distinguished and demanding world markets.

SEDEX

Since 2017 Beatrice Peanuts has undergone SMEIA audits, which assess work standards, health and safety, environment and business ethics. The results of these audits are recorded on Sedex platform (Supplier Ethical Data Exchange), which is home to one of the world's leading collaborative platforms for buyers and suppliers to store, share and report ethical and social audit information quickly and easily.

BRCGS (Brand Reputation through Compliance)

BRCGS is a market-leading global brand that helps build confidence in the supply chain. With this certification Beatrice Peanuts confirms that it follows all global standards of Food Safety, Storage and Distribution, all based on ethical trade and in accordance with good manufacturing practices which guarantees its customers a safe, legal and high-quality product mix.

THE FIRST ONE TO CARRY OUT AFLATOXIN TESTS BY HPLC IN BRAZIL

Beatrice Peanuts was the first company in Brazil to perform aflatoxin controls by HPLC, and the only one with its own equipment, now counting on 3 HPLC machines. With this modern resource, quality is rigorously evaluated at all stages of the process, involving sampling procedures, sampling preparation and analytical quality control.
