

TOUCHBOARD MOUNTING SYSTEMS

AUSTRALIA'S LEADING MANUFACTURER OF MOTORISED TV CARTS AND MOUNTING SYSTEMS

TOUCHBOARD MOUNTING SYSTEMS ARE:

- Designed to provide mobility and flexibility to any learning facility, corporate environment, government department or professional stage.
- Modular in design, motorised height adjustable and available in a mobile, wall or free standing configuration.
- Reliable and robust, being fabricated from 3mm steel and not pressed sheet metal like competitor offerings.
- Supporting panel sizes ranging from 55" to 120", single and dual screen and weights up to 150kg.
- A popular choice and have been standardised across many Government, Private and Independent school establishments throughout Australia.
