## CAPABILITY STATEMENT

**INTELLIGENT, INTEGRATED AND MONITORED SECURITY PROTECTING PEOPLE, ASSETS & OPERATIONS IN REAL-TIME**

We specialise in intelligent video guarding, CCTV integration and 24/7 monitoring, providing clients with clear visibility, faster response and reduced risk.

From design and compliance through to commissioning and live 24/7 monitoring, RealGuard Security is your trusted partner for **full-spectrum project delivery**. We are a leading provider of integrated electronic security working closely with designers, project managers, builders, and clients to ensure **seamless integration** with other services and project timelines

### Local Experience, Global Reach

- End-to-end full turn-key delivery model for fixed installation
- Rapid deployment for temporary or long-term sites
- RemGuard Overlay for existing Technology upgrades
- Scalable solutions for both permanent and temporary sites
- Independent, ASIAL-certified Monitoring Centre
- AI-powered, sensor-driven video guarding
- 24/7 monitoring and warranty services
- Real-time video analytics and threat detection

Proactive, sensor-driven monitoring that is designed to **detect, verify and respond** immediately.
