

Leading Cloud-Based Physical Security

Verkada is #1

in cloud video security and cloud access control*

Key benefits

Unified platform

Protect people, assets, and places from a single integrated platform with robust privacy controls.

Powered by AI

Get proactive notifications and streamline investigations with powerful AI-enabled analytics.

More than security

Improve health and safety, support compliance, and increase operational efficiency with video-based insights.

Join our global community

30,000+

Organisations worldwide trust Verkada

100+

Fortune 500 companies

Command

Manage devices, users, and sites from a single pane of glass, accessible from a simple web browser or mobile app.

Access Control

Manage employee access and credentials from a web-based platform with built-in identity management integrations.

Intercom

Answer calls from anywhere with sharp intercom video, clear audio, and four smart receiver methods.

Workplace

Manage visitors and deliveries with guest and mailroom software, enhancing security along with workplace operations.

Connectivity

Deploy Verkada cameras and devices in hard-to-wire locations using cellular or Wi-Fi gateways.

Video Security

Hybrid cloud cameras offer onboard storage and edge-based processing to deliver AI-powered insights in real time.

Alarms

Catch and respond to break-ins with cloud-managed intrusion detection and 24/7 professional monitoring.

Air Quality Sensors

Monitor environments for temperature, humidity, noise, particulate matter, vape emissions, and other air quality conditions.

Command Connector

Seamlessly transition to the cloud by bridging your non-Verkada cameras to Command and unlocking advanced video analytics.

*2023 Novaira Insights market share data for video surveillance cloud solutions (world excl. China). 2024 Omdia worldwide market share data for cloud-native, access control solutions that push mission-critical services into the provider's cloud tenancy; excludes ACaaS solution providers that materially split the execution locus for analytics between on-premise hardware and cloud.

Loved by every team

IT professionals

Near-zero maintenance with automatic security updates as well as encryption in transit and at rest to protect against known and emerging threats.

Security and loss prevention

Proactively mitigate threats, monitor from anywhere and receive real-time alerts of meaningful events.

Facilities and operations

Gain actionable insights to protect people, assets and facilities — while ensuring efficiency and productivity.

Canva

Proactive security coverage

"We want tech to step up where people can't be everywhere at once. Verkada helps us be proactive — not reactive — and gives us data to drive smarter workplace design."

Dan Smetham,

Space Engineering Lead
Canva

ASQ

Video insights for better operations

"A picture tells a thousand words. Verkada allows us to find the issue within a few seconds versus having to playback hours of footage."

Jay Munday,

Information Technology System Manager
Allstone Quarries

INVERCARGILL AIRPORT

Fast time to value

"You don't have to invest much time to start seeing the benefits. Get a couple of trial cameras, put them somewhere useful, get a few of your team going with it, and just have a play."

Stuart Harris,

Chief Executive Officer
Invercargill Airport

Trusted by global leaders
