INTRODUCTION

"PROTECTING BUILDINGS AND THE PEOPLE IN THEM"

GK Solutions is a niche supplier of specialist physical security solutions for a range of clients.

GK Solutions employs professional, experienced and competent staff that are focused on customer service, quality and managing the 'headaches' out of complex projects. Our aim is to ensure our client's expectations in this regard are not only met, but also exceeded.

Our expertise lies in our ability to bring to the client a range of unique solutions that answer their needs for the protection of buildings and crowded places. Our solutions include Threat Mitigation through:

- Provision of Blast, Ballistic and Forced Entry resistant Windows, Doors, Façades & Counters and;
- A full range of Hostile Vehicle Mitigation Barriers that can be fixed, automated or temporary.

All of our products are live tested and certified to meet recognised international standards and are installed according to those standards by our experienced installation teams.

Our clients tell us that competent staff and the consistency of their involvement throughout a project are amongst the most important issues for them and that **GK Solutions'** performance in this regard sets us apart from others in the field.

GK Solutions has met stringent selection criteria in both the solutions we offer as well as in our ability to deliver and as such we have been listed on Panels (preferred supplier lists) for the Department of Parliamentary Services (DPS), the Department of Foreign Affairs and Trade (DFAT) and the Attorney General's Department. GK Solutions is also a registered supplier to Queensland Police, Victoria Police, NSW Police, NT Police, Tasmania Police and WA Corrections.

DELIVERY TEAM

GK Solutions believes that the success of any project relies heavily on management and individuals within a project team.

Our management team have combined experience of over 50 years in the provision of security products and services.

The Directors of **GK Solutions** have served as police officers and are recognised experts in general risk management, security and counter-terrorism. They have served in senior security roles, responsible for the protection of over 100,000 people in Australia. Importantly, prior to establishing **GK Solutions**, its Directors were end users of the systems that GK Solutions now brings to the market place.

FIXED & REMOVABLE BOLLARDS

Our classic fixed and removable bollards are available in standard and shallow depth and in a range of colours, configurations and designs.

Secure Facility, Randwick NSW

Luna Park, NSW

Border Force HQ, ACT

Redfern Station, NSW

Border Force HQ, ACT

AUTOMATED BOLLARDS

Our automated bollards includes both standard retractable bollards and the innovative Heald Matador ultra shallow / surface mount bollard system that slides sideways out of the path of vehicles.

Cavill Avenue, Surfers Paradise, QLD

Southbank, Brisbane, QLD

Southgate, Melbourne

Southbank, Melbourne, VIC

Government House, Melbourne, VIC

STREET FURNITURE

We offer a number of Street Furniture options. Our CT Block clad in Bluestone. CT Block is rated to withstand 7.5 tons at 64km/h (PAS68). It is also available in a range of different finishes, including with a graphic concrete option. Graphic concrete is a process of chemical etching onto the CT Blocks that turns them into a feature. The possibilities for the graphics are almost limitless, are processed using client supplied artwork.

ROAD BLOCKERS

Our shallow mount road blockers are in use at some of the highest security sites in Australia. They can be mounted in suspended concrete slabs and are rated to withstand 7.5tons at 80km/h.

CRASH RATED GATES AND ARM BARRIERS

For sites where an obvious HVM barrier is not appropriate, our crash rated vehicle gates and arm barriers are the perfect solution.

ABC, Ultimo, NSW

Protected Site, Hawthorn, VIC

TEMPORARY BARRIERS

Used to protect Australia's largest street festival, our temporary barriers can be set up to block a lane of traffic in just 5 minutes, yet will stop a 7.5 ton truck at 48km/h.

St Kilda Festival, St Kilda, VIC

Pride March, St Kilda, VIC

Queen Victoria Market, Melbourne, VIC

BLAST, BALLISTIC AND FORCED ENTRY RESISTANT WINDOWS, DOORS & FAÇADES

GK Solutions is able to provide new or retrofit blast, ballistic or forced entry resistant windows, doors, façades and counters in any combination and able to withstand a range of threats.

From multi-story buildings with glass façades to Blast Doors for structures that store explosive ordnance for Defence or the mining industry, we are able to supply and install.

Fully protected façades are supplied as stick systems and are erected and glazed onsite. Differing levels of protection can be applied to different areas of the same building to withstand a variety of threats.

Earth Covered Buildings, Defence Site, NSW

SECUFIRE PROTECTED GLAZING

Fire and smoke resistant glazed windows and doors that are also bullet and forced entry resistant are available for internal or external aspects of a building.
