Process Safety

"We understand the aspects of our industrial activities that may pose specific risks and have in place equipment and systems that protect the well-being of our Air Liquide or Contractors' employees, customers and partners."

Road Safety

"Besides deploying new onboard technologies in trucks and vehicles of the Air Liquide fleet, we are also working on programs aimed at developing proper driver behaviors and raising everyone's awareness of the consequences of their driving actions."

Worker Safety

"We are committed to effectively and constantly reduce the exposure of all individuals, whether Air Liquide or Contractor' employees, customers and partners, who work for or come in contact with Air Liquide and may face occupational and industrial risks."

Our commitment to Quality and Innovation

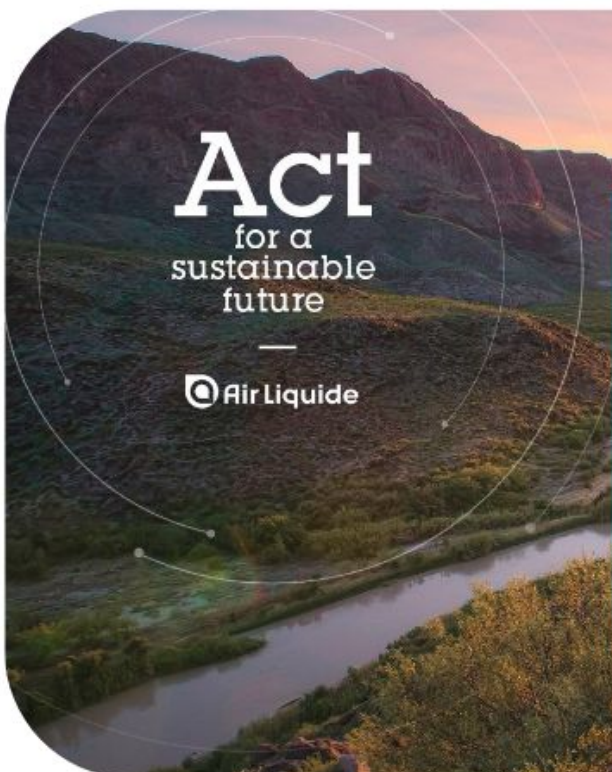

Quality is part of everything we do.

All our actions and behaviors in our daily work. To maintain stringent quality and meet customer expectations, we pay close attention to:

- ✓ Performance
- ✓ Features
- ✓ Reliability
- ✓ Durability
- ✓ Voice of Customer
- ✓ Compliance
- ✓ Serviceability
- ✓ System

ISO 9001:2015 Quality	ISO 45001:2018 Safety	FSSC 22000 v6 Food Safety
MEDSAFE Pharma Licenced	TGA Pharma Licensed	Air Liquide named 2024 Gold Waterwise Business Winner

Act for a sustainable future
