

About Döhler

Döhler is a global producer, marketer and provider of technology-driven natural ingredients, ingredient systems and integrated solutions for the global food, beverage and life science & nutrition industry. Döhler is all about mastering sensory experience and nutritional performance. Being sustainable by nature, Döhler helps to nourish the world better: Good for people – Good for planet.®

Döhler's ingredients are derived from natural raw materials. The comprehensive product portfolio of natural ingredients ranges from natural flavours, natural colours, natural health ingredients, a broad range of plant-based ingredients to ingredient systems and end-to-end solutions.

With more than 50 production sites, 75 offices and application centres, Döhler creates value for customers in over 160 countries. More than 10,000 dedicated employees, including 1,000 people in R&D, focused on science, technology and innovation are committed to making Döhler's customers successful.

"WE BRING IDEAS TO LIFE." describes Döhler's integrated and entrepreneurial approach to innovation and value creation. Smart ideas have a way of becoming great products. This also includes innovation services, market intelligence, advice on food safety and microbiology as well as sensory & consumer science. Döhler runs its own venture unit with more than 100 active ventures. Döhler also partners with the scientific community through its own Future of Nutrition and Longevity Institute (FNL Institute).
