

Knowledge, creativity & collaboration. Ingredient solutions for building great products.

Hawkins Watts are leaders in specialised food, beverage and supplement ingredients with an unmatched commitment to innovation, quality and service. We represent many of the world's leading ingredient companies and offer a broad product portfolio, specialising in Texture, Health & Nutrition, Colour, Flavour, & More.

Capabilities & Services

- Concept & Product Development
- Analytical Lab
- Blending & Customisation
- Trends & Culinary Inspiration
- Food Safety & Quality

Concept Development & Technical Collaboration

Our team of technical experts are ready to help you solve project roadblocks and create innovative new concepts. We work with you to deeply understand your applications and find the very best solutions. From running technical training sessions to hosting customers in our laboratories for development sessions, our support is second to none.

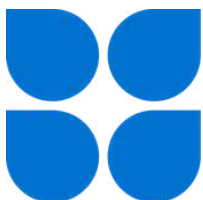

Laboratories

Our custom-built laboratories in Melbourne and Auckland are designed to help us effectively problem-solve and innovate for our customers. We provide comprehensive technical support across the food, beverage and health & nutrition categories, working within both the FSANZ and the TGA space.

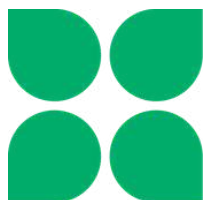

Both our application and analytical labs are equipped with a wide range of advanced equipment, and we take pride in our state-of-the-art facilities

Marketing Support

Blending & Customisation

We have repacking and blending facilities in Australia and New Zealand, which means that we can offer our customers:

- Local production
- Shorter lead times
- Smaller pack sizes
- Technical support
- Bespoke blends

Our marketing team in Australia and New Zealand can provide marketing support for our customers through our access to major research databases.

Our services include:

- Regular trend reports
- Bespoke trend presentations
- Culinary inspiration

We can assist you with in-depth insights into the latest food and nutrition ingredient trends, expert analysis & recommendations.

Food Safety & Quality

Food safety and quality are fundamental to the way we approach business. We collaborate with suppliers who hold certifications in Quality and Food Safety, and our preference is to work with suppliers who hold GFSI Certification.

We are also a member of the Allergen Bureau to ensure we support industry best practice initiatives for allergen management. Hawkins Watts Australia is certified with HACCP, and Hawkins Watts New Zealand is certified to the BRC Global Standard for Food Safety,
