

Introducing Carmi Flavors – A Global Leader in Custom Flavour Solutions

Carmi Flavors is a trusted name in the flavour and fragrance industry with over 40 years of expertise, serving global markets from its manufacturing headquarters in Commerce, California, and regional warehouses including Miranda, Australia. Renowned for innovation, quality, and exceptional service, Carmi specializes in the creation of custom flavour solutions for a wide range of industries including bakery, beverage, syrups, confectionery, dairy, nutraceutical, pharmaceuticals, and more.

Boasting a team of highly experienced chemists and lab technicians with over a century of combined industry knowledge, Carmi Flavors offers a diverse portfolio of liquid and powder flavours. Our range spans natural, certified organic, nature-identical, gluten free, Kosher compatible, and Halal-certified options, ensuring inclusivity and compliance with various dietary and cultural standards. Our formulation capabilities also include reaction flavours, flavour keys, emulsions, masking agents, and bitter blockers.

Carmi's flavour library is impressively extensive. From classic vanilla and strawberry to unique offerings like Kakadu plum, yuzu, sriracha, or peanut-free satay, our catalogue addresses both mainstream and niche market needs.

We pride ourselves on prompt responses, easy-to-use complimentary samples for batch testing, and versatile packaging options suited to different production scales. At MOQs of just 16L or 12kg, Carmi's custom flavour matching and product development support help brands stand out in competitive markets by enhancing consumer experiences through flavour.

With the motto "*We flavor the world*"®, Carmi Flavors remains committed to innovation, quality, and global reach—partnering with companies to create distinctive and memorable products.
