

LOSCAM

Your Pooling Solutions Partner

About Us

Loscam is a trusted leader in providing returnable packaging solutions designed to optimise the storage and movement of products through supply chains across the Asia Pacific. Our commitment to high quality, efficiency, and environmental sustainability sets us apart in the industry.

Innovative Pooling System

Our unique pooling system allows trading partners to share Loscam equipment throughout the supply chain. This innovative approach transforms fixed costs into variable costs, promoting sustainability through the shared use of Returnable Packaging Equipment.

Why Choose Loscam?

We ensure that all our equipment is built to last and consistently meets rigorous quality benchmarks, streamline your supply chain operations to reduce costs and improve efficiency, and contribute to a more sustainable future. With strategically located service depots across the ANZ regions, we offer over 60 service points to ensure that our customers receive timely and efficient support.

- Our Products & Solutions

Wooden Pallet

Loscam's radiata pine pallets meet Australian Standard AS4068 and are lighter by 8kg to 10kg compared to typical hardwood pallets, enhancing efficiency in handling.

Plastic Pallet

Ideal for clean room, fresh food, and pharmaceutical environments, our plastic pallets do not absorb moisture or contaminants.

Intermediate Bulk Container (IBC)

Developed with global food and beverage companies, our IBCs provide a best-in-class bulk handling solution.

Bins

Available in foldable and non-foldable options, Loscam bins are designed for freight consolidation in retail, produce, and food manufacturing industries.

GPAKS

Perfect for products requiring special care or difficult handling, GPAKS cater to automotive, pharmaceutical, fashion, and electronics industries.

Display Pallet & Beverage Tray

These solutions facilitate the storage, movement, and display of high-velocity products directly on retail floors, reducing handling and improving product quality.

Fresh Produce Crates

Our fresh produce crates protect and preserve produce during transport and storage. They are durable, easy to clean, and maintain quality from farm to table.

- Loscam Online & Loscam Live

Loscam Online is an internet portal system developed exclusively for Loscam customers for effective tracking and reconciliation of all Loscam Hire Equipment movements.

Loscam Live is a unique portal built within Loscam Online. It helps customers easily track and manage Loscam Pooled Assets. Track & Trace gives customers the chance to link their Loscam Returnable Packing Equipment or Client-Owned Assets.
