

SAFETY
at your **SIDE**

Food safety solutions to make your job easier

We're right there with you, providing advice, support, and tools designed to deliver fast, reliable results, reduce operational risk, and to help you protect the world's food supply.

In the business of food, safety is job one

Ensuring the quality of every product, every day is a lot to take on alone. Count on Neogen for quick and reliable results, innovations to meet your expanding needs, and a team at your side, every step of the way. Together, we can help safeguard your business, your customers, and the world that you nourish.

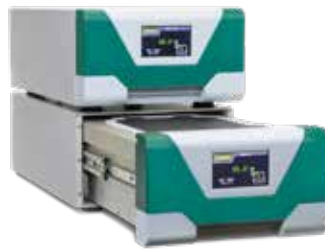

Comprehensive Food Safety Solutions

Indicator Organism Testing

Petrifilm® Plates and Petrifilm® Plate Reader Advanced

Streamline your testing with ready-to-use plates that require no prep. Quickly and accurately enumerate plates in six seconds or less.

Microbial Detection

Soleris® Automated Testing

Get fast and reliable detection of microorganisms including TVC, yeasts and moulds, *Enterobacteriaceae*, *E. coli*, coliforms, and many others.

Culture Media

Our range of dehydrated culture media formulations include chromogenic agars and proprietary formulations that enable our sensitive One Broth One Plate alternative workflows.

Hygiene Monitoring

Our handheld hygiene monitoring solutions let you quickly verify cleaning effectiveness and capture, store, and manage data.

Pathogen Detection

Pathogen detection tests that are designed to fit a variety of testing needs. Food safety and contract labs can get confident answers quickly, with same-day or next-day results.

Allergen Testing

Qualitative and quantitative testing solutions that are designed to detect allergens in a wide variety of sample types and be used as part of your allergen control plan.

We make the job easier

Our products are designed to deliver quick and reliable results, reduce complexity, minimise downtime, and optimise the efficiency of your operations.

We're made to do more

Our expansive catalogue provides the innovative solutions you need to meet industry demands, in the way that best fits your specific business needs.

We give you confidence

We're right there with you, in Australia, New Zealand and around the world, providing expert support and advice to safeguard your customers and your business.

Food Quality Analysis

Enhance your food quality assessments with Megazyme advanced enzymatic solutions.

Natural Toxin Testing

Test for natural toxins with solutions designed to deliver fast and accurate results.

UHT/ESL Testing

Rapidly test a wide variety of UHT and ESL beverages such as juices, caffeinated drinks, coconut waters, dairy, and more.

Sample Collection

Better testing begins with better samples. Choose intuitive and easy-to-use sample collection products that help streamline processes from start to finish.

Neogen® Analytics

Streamline and help optimise product testing, environmental sampling, and sanitation workflows while transforming your data into actionable information.

Education

Grow your food safety expertise through Neogen Academy. Our training and informational resources can help develop your skills and support improvements in your operations..

Fuelling the Future of Food Safety.

At Neogen®, we've added to what we can do with more innovative products and food safety expertise to help make your operation more efficient. We've also invested in analytical capabilities to give you more valuable data for actionable insights. We've built and acquired new production and distribution facilities and expanded into more than 140 countries — all so you'll have more access to the products and services you need.
