

Lanphan Industry Co., Ltd. is a leading manufacturer specializing in freeze dryers, extraction systems, evaporation units, and related processing equipment.

Our freeze dryer range covers laboratory, pilot, and industrial scales, including integrated models and advanced split-chamber (PLUS) designs. Compared with traditional systems, our PLUS series offers:

- Independent condenser & drying chamber for improved ice capture efficiency
- Faster drying cycles and reduced energy consumption
- Better protection for heat-sensitive materials

Lanphan has participated in international exhibitions in the USA, Germany, Australia, and Thailand, and serves clients worldwide with complete solutions, from equipment supply to technical support and installation guidance.

WHY CHOOSE US?

1. Small size, suitable for home use
2. The cold trap is made of stainless steel, which is corrosion-resistant and easy to clean
3. Each layer has an independent temperature measuring probe
4. With fast defrosting function to improve efficiency
5. 17 kinds of custom recipes can be set
6. The number of pallet layers can be customized

(Up to can be customized)

KF quick connector

Independent probe

Auto defrosting

Thickened see-through door for stronger sealing

Customizable 8-layer tray

LED display
